PROFILE

Social media growth strategist working with clients since 2017, nine years and counting. I have run content, YouTube SEO and monetization for some of Pakistan's biggest history, politics and news channels, managed 15+ public figures across YouTube, Facebook, TikTok, Instagram, X and SnackVideo, and led an 11-person production team publishing 62+ videos a day. I grow audiences organically, because real growth comes from understanding people, not just algorithms.

KEY ACHIEVEMENTS

- Generated $514K+ in in-stream ad revenue for creators I managed, purely through organic growth.
- Employee of the Month, January 2025 (999 Communications), for maximizing YouTube and Facebook in-stream ad revenue.
